

Social media Safety and Awareness:

This Project describe the safety issues on social media and create awareness among people in taking proper safety measures while using social media applications.

Phase 1:

To make them understandable our concept we design a documentation and publish it as a Booklets .

Documentation describes about Behaviour, Safety and Security in social media.

Phase 2:

Webinar:

In collaboration with Mr. Harish Reddy conducted a webianr on security risks in social media and suggestions on social media safety.

Feedback from all our participants made our Webinar successfull.

About Speaker:

Mr. Harish Reddy, senior manager in Ness digital solutions 5+ years Experience in cyber department.
